Index to Civil Engineering

JANUARY—DECEMBER 1952

Subject Index

AERIAL PHOTOGRAPHY

"Aerial photographs facilitate surveys of pavement condition." Adrian R. Legault, Howard M. McMaster . . . 883
Mapping expedited by aerial survey . . . 220
"Photogrammetry comes into its own." George D. Whitmore, Morris M. Thompson . . . 726

AGGREGATES

"Good concrete depends on good aggregate." Robert F. Blanks . . . 654

AIRPORTS

Alaska lets airport contract . . . 370
Construction in North Africa pushed . . . 220
Improvements slated for N.Y. International Airport . . . 908
New maintenance hangars designed for air force . . . 440
New terminal to consolidate Manhattan Airlines . . . 437
N.Y. firm to build Cleveland hangar . . . 601
Puerto Rico expands airport facilities . . . 297

ALUMINUM

ALCOA expands works in Davenport, Ia. . . . 806
"Aluminum alloys for corrosion-resistant storage tanks." E. C. Hartmann, Fred L. Plummer . . . 123
Fixed bridge expedites Army operation . . . 973
Nails found non-staining . . . 176
New plants supplied by General Electric . . . 100
Output continues to gain . . . 907, 1056
Plant built in Alaska . . . 905
Production sets postwar record . . . 974
Smelting line begins operation . . . 298

AMERICAN INSTITUTE OF ARCHITECTS

Architect-engineer cooperation is urged at 84th convention . . . 598

ASCE

Awards and Prizes
- Alfred Noble Prize to Eldo C. Koenig ('51) . . . 85
- Alfred Noble Prize to Myron Tribus ('52) . . . 1048
- Arthur M. Wellington Prize to Basil W. Wilson . . . 587
- Awarded at Centennial Convocation . . . 587
- California Chapter members winning Mead Prize five consecutive years pointed up by George W. Bohn . . . 206
- Collingwood Prize for Juniors to T. William Lambe . . . 587
- Construction Engineering Prize to John N. Newell . . . 588
- Daniel W. Mead prizes to Charles E. Negus, Jr. and Howard Payne ('52) . . . 1044
- Daniel W. Mead Prizes to Edgar G. Baugh and Marion K. Harris ('51) . . . 88
- Freeman Fellowship open . . . 1046
- Hoover Medal to C. D. Howe . . . 595
- J.C. Stevens Award to Harold R. Henry . . . 588
- J. Waldo Smith Prize to James R. Barton . . . 595
- James Laurie Prize to John M. Kyle . . . 587
- James W. Rickey Medal to Donald J. Bleifuss . . . 588
- John Fritz Medal to Benjamin Fairless ('53) . . . 424
- Leon S. Moisseiff Award to Mario G. Salvadori . . . 588
- New Daniel Mead Prize contest is announced . . . 595
- New J. Waldo Smith Fellowship announced . . . 287
- Thomas Fitch Rowland Prize to Clarence E. Keefer . . . 587
- Washington Award to Henry T. Heald ('52) . . . 456

Badges
- Junior members may have lapel buttons . . . 211

Issue	Page Numbers
January	1–122
February	123–176
March	177–248
April	249–312
May	313–386
June	387–460
July	461–532
August	533–618
September	619–846
October	847–922
November	923–1000
December	1001–1078

Ballots
- Ballots for 1953 officers canvassed . . . 593, 900
- Discussion of percentage of members voting by Jacob Feld . . . 886

Board of Direction
- Actions in Detroit in December . . . 154
- Actions in New Orleans in March . . . 285
- Actions in San Diego in May . . . 425
- Actions in Denver in June . . . 497
- Actions in New York in October . . . 958
- Appropriations authorized by Executive Committee . . . 1046
- Canadian generating station honors Otto Holden . . . 505

Centennial Celebration
- Activities reviewed . . . 892
- "Centennial of Engineering, 1952." William N. Carey, E. L. Chandler . . . 84
- Construction sessions to be moved . . . 360
- Contributors to financing listed . . . 289, 429
- Details announced . . . 584
- Foreign engineers entertained . . . 897, 899
- Ladies' program and participation of foreign engineers announced . . . 499
- Lohr explains Centennial aims to Cincinnati engineers . . . 285
- Members make final plans to attend Convocation in Chicago Sept. 3 to 13 . . . 422
- N.Y. Founder Societies hear Vannevar Bush . . . 360
- New banner signalizes Centennial . . . 356
- Objectives amplified at celebration of N.Y. Founder Societies . . . 357
- Plans for first-day covers approved . . . 505, 592
- Preprints available . . . 779
- Programs
  - Symposiums of General Interest . . . 564
  - Technical and Social Program . . . 572
- Special issue of CIVIL ENGINEERING in September . . . 211
- Symbol for Centennial approved . . . 211
- Symposium arranged . . . 154
- Postage stamp for Centennial . . . 155, 782
- Technical program for Centennial takes form . . . 85, 210
- Welcome issued . . . 779
- "What about the next hundred years?" Joseph H. Ehlers . . . 195

CIVIL ENGINEERING
- Available in microfilm . . . 506

Code of Ethics
- Board of Direction solicites information from consulting engineers . . . 593

Committees
- 1952–1953 personnel confirmed by Board . . . 965
- Task Committee to study Society's technical organization . . . 157

Fees
- See ASCE—Salaries and Fees

History of Society
- Persons and places in ASCE history . . . 780
- Settlement of West discussed by Robert S. Mayo . . . 954

Honorary Members
- Four new members elected . . . 585

Insurance
- Plan pays first accidental death claim . . . 88
- Reduced rates available to Juniors in group disability plan . . . 506

Joint Activities
- Engineers meet with U.S. Civil Service Commission . . . 426

Local Sections
- Alabama Section has Centennial celebration . . . 1045
- Alaska Section organized . . . 213
- Initiates newsletter . . . 958
- Board of Direction advocates District Councils and sub-sections . . . 592
- California Conference of Local Sections, May 2–3 . . . 157, 284
- Cincinnati Section supports President's objectives, letter by E. S. Birkenwald . . . 150
- Dayton Section host to District 9 Council meeting . . . 286
- District 7 Council meets with Wisconsin Section . . . 498
- Georgia Section elects officers . . . 155
- Has Centennial celebration . . . 429
- Members form Augusta Sub-Section . . . 86
- Ithaca Section program honors Centennial . . . 506
- Kentucky Section entertains ASCE officers . . . 902
- Michigan Section host to Executive Committee . . . 86
- Mid-South Section spring meeting . . . 506
- Mohawk-Hudson Section sponsors soil mechanics symposium . . . 1049
- Montana Section elects officers . . . 907
- Northwestern Section awards scholarship . . . 211
- Oregon Section sponsors refresher courses . . . 1046
- Pacific Northwest Conference . . . 152, 509
- Panama Section honors Centennial . . . 966
- Philadelphia Section celebrates Centennial . . . 428
- Puerto Rico Section awards student prize . . . 508
- Holds annual meeting . . . 158
- Sponsors Inter-American Convention . . . 355
- "Sections select seven wonders of civil engineering." Charles M. Baker . . . 1043
- South Dakota Branch of Northwestern Section tour Fort Randall Dam . . . 1050
- Spokane Section sponsors Centennial observance . . . 964
- Sponsor large spring conferences . . . 426
- Tennessee Valley Section holds meeting . . . 1048
- Texas Section plans spring meeting . . . 211
- Branches elect officers . . . 1049
- Venezuelan Section elects officers . . . 290
- Washington, D.C. Section sparks Centennial celebration . . . 1045
- West Virginia Section meets . . . 902
- Wisconsin Section sponsors District 7 Conference . . . 289
- Holds meeting . . . 1049

Manuals
Manual on cylindrical concrete shell roofs 964
Manual on piping insulation and safety ... reviewed 708
Professional practice manual issued 1086
Story of a society manual 1040

Meetings
Annual Business Meeting, New York, Oct. 14 900
Denver Convention, June 16-20
Activities described 208, 283, 362, 424, 490
Preprints available 498
Program 348
Inter American Convention of Civil Engineers, San Juan, Puerto Rico, Nov. 12-16
Activities described 708, 1040
Program 880
New Orleans Convention, March 5-7
Activities described 132, 280
Preprints available 287
Program 301
San Francisco Convention, March 4-7
Activities described 1041

Membership
Lincoln members meet 280
Rating for retirees to probably be denied by Cabinet Task 208
Veteran members listed 782

Officers
Eleven new officers elected for 1961 976

President
Wilfred T. Huber
At Metropolitan section Dinner Meeting 932
Inaugural address—A second century of service begins 932
Nominated 434

Procurement
Defected A Matteson Jr. become assistant editor 424
Procurement, separates, a two-year review, W. N. Carey 500

Salaries and Data
Manual on job evaluation and salary surveys issued 708
Survey data of salary committee used in Baltimore 133

Staff
Matilda Steinbrenner former civil editor for technical publications dies 420

Student Chapters
California Chapter members, alumni Mead Prize five consecutive years pointed up by George W. Rohn 200
Committee on Student Chapters meets in Chicago 83
Iowa State College Student Chapter meets with Executive Secretary 301
Rescue Committee commendation 491
Sponsored regional spring conferences 601
University of Pittsburgh endorses centennial 216

Technical Divisions
Highway Division appoints Local Section contacts 330
Hydraulics Division to meet with IAHR 964
Irrigation and Drainage Division sponsors U. S. membership in International Commission on Irrigation and Drainage 867
Soil Mechanics and Foundations Division to collaborate with German soil engineers 961
Structural Division Committees report
Can you help the Structural Division? Ernest C. Hartman 128
Structural Division to try something new. Ernest C. Hartman 200
What is the Structural Division for me? Ernest C. Hartman 280
concludes its reports 1046

Transactions
1962 edition available 1044
Set wanted 62

Unity of Profession
Plan receives local support 280
We can have increased unity in our profession. Caitlin S. Preston 416

AMERICAN SOCIETY OF ENGINEERING EDUCATION
Need for engineers stressed at meeting 1037
Solicits aid for engineering teaching 87
Studies technical library use 974

AMERICAN SOCIETY OF MECHANICAL ENGINEERS
Officers elected at annual meeting 94

AMERICAN SOCIETY FOR TESTING MATERIALS
Announces research on materials 367
Celebrates 50th anniversary 600
Elects new executive secretary 974

AMERICAN STANDARDS ASSOCIATION
Asks U. S. leadership in developing standards 300

APPLIED MECHANICS
Applied mechanics specialist is consultant to engineers. J. N. Goodier 744

ATOMIC ENERGY
Britain installs first atomic heating system 160
Commercial power from nuclear fission studied 421
Concrete saucer to house Navy plant 971
Conferences to explore bomb effects on structures 444
Contract award expands Hanford program 1054
Contract for process piping at Paducah 168
Contract given for H bomb facilities 294
Contract for nuclear research announced 226
Contracts to expand Oak Ridge, Paducah plants 805
Contractor for Ohio plant invites silicon tractor injury 974
Electric power generated from atomic heat energy 162
Engineers face increasing demand for radioactive labs 220
Envirotek Proving Grounds contract reviewed 132
Gaseous diffusion plant to be built in southern Ohio 1008
Laboratory established for atomic power development 367
More steel in bomb proof buildings 164
Nuclear testing facilities authorized 808
Radioactive contamination continuing problem in water supply engineering. Roy J. Morton 722
Research center to be built in Europe 1062
Savannah River Plant under construction 1063
Steam plant to power Paducah project 96
Symposium. How to build against atomic attack
Foreword by Frank E. Weaver 192
"Shelter is the engineer's job." James E. Martin 362
Design of protective structures briefed. A. S. Newman 944
Discussion by Joseph Salzman 964
The status of atomic power. R. R. Prentice 1017

AWARDS AND PRIZES
Applications for Science Foundation awards invited 1054
General Motors sponsors contest on high way problems 1054
Medes present awards 218
See also Welding

BEAMS
Analysis of anchor bolts and concrete piers for large stills and kettles. Andrew A. Brown 161
Reinforced concrete beam formulas extended to steel column base design. Lester J. Gutter 340
Uniformly loaded beams designed by chart. William H. Connolly 430
Discussion by Michael Jay Sfouts 1037

BID NOTICES
Contractors in bids be corrected? Walter A. Sedler 337

BINDING
Library Binding Institute to assist in binding periodicals 65

BOLTS
High strength bolts, a new concept in structural connections. J. R. Higgins, E. J. Ruble 760

BRIDGES
A survey of timber highway bridges in the United States. Raymond Archibald
Ancient Italian bridge reported near collapse 442
Atlantic Beach Bridge supported on 90 ft piles weighing 30 tons. Lloyd F. Monroe, Thomas C. Barnett 200
Chesapeake Bay Bridge opened to traffic 864
Concrete box girder bridge replaces obsolete structure at Duvall Wash. Homer M. Hadley 330
Contract let for N.Y. State Thruway Bridge across Hudson River 1076
Discussion of iron bridge by James R. Hardesty 886
Engineers named for new Delaware River bridge 1076
Fifteen mile toll bridge under construction across lower Tampa Bay. Maurice N. Quade 216
Discussion by Jerome B. Lee 62
Discussion by Maurice N. Quade 421
George P. Coleman Bridge at Yorktown dedicated 475
Korean bridge girders are replaced on fast schedule. Eugene P. Fortson, Jr. 138
New Mississippi bridge at New Orleans studied 308
New steel bridges receive AISC aesthetics awards 952
New type built in Germany 814
Pipeline bridge stabilized with diagonal rope stays. D. B. Steinman 337
Prestressed concrete bridge at Heilbronn Germany has 443 ft span 344
Steel girders built from concrete cast levers. Portage Canal Bridge, Wash. Homer M. Hadley 1002
Steel work for Chesapeake Bay Bridge completed 446
suspension bridge to span Halifax Harbor 1000
Venezuela constructs bridge on Antiguista highway 1001
See also Caissons, Piers, Prestressed Concrete, Railroads, Welding

BUILDING RESEARCH ADVISORY BOARD
Material issued on conference on construction of radioactive labs 316
Need for research cited at meeting 444

BUILDINGS
Army to build seven hospitals 808
Bids for VA hospital in Dallas 968
Cantilever frames support thin shell roof. Boyd G. Anderson 344
Contract awarded for ordnance depot unit 364
Contract awarded for VA hospital in Los Angeles 904
Eight rail lines using five stations construct single terminal. C. F. Wallace
New Orleans Passenger Terminal 318
Foundation repair saves a Texas sawmill. R. F. Brentzel 346
Government to build warehouses in N.J. 604
Huge equipment plant started 1060
Laminated timber permits flexibility of design. Alan D. Freas 256
Materials allotted for school construction 436
One story Y-trended trusses ideally suited to school building. Raphael H. Courland 878
Open caisson method used to erect Tokyo office building. Arnold C. Mason 944
Philippine government to build veterans hospital 97
Steel arch roof analyzed and designed by semigraphical methods. Milo S. Ketchum 548
Ways to cut building costs shown by General Accounting Office. Building Washington D.C. W. E. Reynolds 432
Welded multi-story structures save steel and money. Boyd S. Myers 967
Wind pressure on elementary building forms evaluated by model tests. J. W. Howe 330
World's tallest stone storage silo 420
See also Building Research Advisory Board, Roofs, White House

CAISSONS
Bell bottom caissons support Detroit city county building foundations 638
Deep sand island caissons support Cincinnati steam plant. Leonard V. Smoot 530
Open caisson method used to erect Tokyo office building. Arnold C. Mason 944

CANALS
Model studies and in design of Brazilian hydro project. Emmett M. Laursen, Jan. 31
Discussion by Franklin E. Matthies 342

CEMENT
Cement plant goes into production 94
See also Concrete

CENTENNIAL OF ENGINEERING
See ASCE—Centennial Celebration

CITY PLANNING
Our expanding cities demand good planning. Lawrence V. Sheridan 685
Urban problems studied at businessmen's conference 213

CIVIL SERVICE
Promotion by examination discussed by A. S. Macgregor 150

COLUMNS
Add area method extended to include composite sections. Dewey M. McCain 560

"Analysis of anchor bolts and concrete piers for large stills and kettles." Andrew A. Brown 892
Discussion by Marvin A. Larson 953
Design method for eccentrically loaded steel columns fits any code." Walter E. Wilbur, Charles W. Cunningham. Dec 51
Discussion by John M. Biggs 153
Discussion by Marvin A. Larson 153
Discussion by P. M. McCain 346
Discussion by authors 493
Reinforced concrete beam formulas extended to steel column base design." Lester I. Gitter 340
Discussion by Marvin A. Larson 953

CONCRETE

ACI convention highlights prestressed concrete discussion 945
Officers announced 1058
"Good concrete depends on good aggregate." Robert F. Blanks 651
Granular steel finish improves wear resistance of concrete 870
Important developments in concrete for dams reviewed." T. V. D. Woodford 180
"Improved techniques lower cost of concrete construction." John R. Hardin 948
"Is research in reinforced concrete adequate?" R. F. Blanks 142
New York's Pier 57 founded on two 27,000-ton reinforced concrete boxes. John M. Buckley, F. A. Verpillot 188
Steel girders hung from concrete cantilevers at Portage Canal Bridge, Wash. Holmer M. Hadley 1001
See also Cement; Forms; Prestressed Concrete

CONCRETE, THIN SHELL

Cantilever frames support thin-shell roof." Boyd G. Anderson 544

CONSTRUCTION COSTS

Improved techniques lower cost of concrete construction." John R. Hardin 948
Symposium. "Effect of design on construction costs"
"Coordinate design with construction methods." W. W. Wanamaker 847
Develop cooperation between engineers and contractors." Ralph F. Desimone 850
Construction economy is basic in Reclamation design." L. N. McClellan 854
Train design engineers in construction realities." Glenn B. Woodruff 858
"Ways to cut building costs shown by General Accounting Office Building, Washington, D.C." W. E. Reynolds 412

CONSTRUCTION EQUIPMENT

AED meeting studies construction regulations 221
Allis-Chalmers acquires LaPlant-Choate Co. 976
Army develops tractor for arctic use 1052
Heavy equipment speeds Idaho power dam project 95
Mechanization has revolutionized construction work." Francis Donaldson 637
Modern excavation methods and equipment." H. H. Everist, Jr. 629
World's best highway system produced by modern equipment." A. N. Carter 628

CONSTRUCTION INDUSTRY

AGC nominates 1953 officers 1058
ASCE-AGC Joint Cooperative Committee meets in Chicago 895
Construction a growing field for the civil engineer." Dwight W. Winkelman 626
Emergency construction problems studied at AGC annual convention 294
Highway contractors study the big job ahead." Archie N. Carter 197
Problems studied by Chamber of Commerce group 222
What construction means to America." Willard Chevalier 934

CONSTRUCTION METHODS

Sectional steel pipe provides economical shoring." 78

CONSTRUCTION VOLUME

Activity seen in upswing 145
Monthly activity reported 94, 218, 298, 366, 446, 518, 806, 904, 970, 1052
Record outlay for 1952 foreseen 512
Record outlays in first half of 1952 602
Total for 1951 placed near $30 billion 160

CONTRACTS

Conflicting state laws affect interstate contracts." Walter C. Sadler 184
Construction by contract method an American tradition." H. E. Foreman 640
Negotiated contract procedures changed by Corps of Engineers 356

DAMS

Army recommends four dams in Pa. 606
Cheatham Dam contract awarded 266
Discussion by Horace P. Boardman of his article "Buttress-type dam with curved upstream face proposed." June 51 79
Electric analog indicates effect of horizontal earthquake shock on dams." Carl N. Zangar, R. J. Haefeli 278
Fort Randall Dam to provide more storage on Missouri River." Henry J. Hoeffer 474
Foundation contract let for Kans. Dam 370
Harlan County Dam, Nebr., dedicated 515
Heavy equipment speeds Idaho power dam project 95
Hungry Horse Dam is dedicated by Truman 974
Important developments in concrete for dams reviewed." T. V. D. Woodford 180
"Improved techniques lower cost of concrete construction." John R. Hardin 948
Power facilities at South Holston Dam include submerged intake." O. Lavik 74
Progress in earth dam design and construction in the United States." Thomas A. Middlebrooks 702
Puerto Rico builds water supply system 224
Rogue River dam site found unsuitable 170
Tignes Dam in French Alps constructed with American equipment." Paul A. Montagne 923
Trend toward multipurpose developments." James S. Bowman 736
U.S. Commission on Large Dams meets in Chicago 847, 960
See also Reservoirs; U.S. Bureau of Reclamation

DEFENSE PROGRAM

Alaska pushes construction program 1037
Civilian metal allotments cut 224
Contracts awarded for Alaska projects 603
Cooperation between defense and construction industry urged 297
EJC Manpower Commission writes Defense Secretary seeking better use of engineering manpower 282
Large volume of defense work for Alaska 95
Materials allotted for commercial construction 297
Military manpower needs and resources reviewed 1055
NPA releases materials 1045
Renegotiation Act handled by Board 219
See also Atomic Energy; Engineers Joint Council; Military Engineering

DOCKS

W. Va. plant to have new dock facilities 906

DREDGING

Bucket ladder dredges pay off." C. M. Romanowitz 746
Modern hydraulic dredging, a product of experience." Carl H. Grimm 740
Discussion by Carl P. Kaufmann 1038

EARTHMOVING

"Modern excavation methods and equipment." H. H. Everist, Jr. 629

EARTHQUAKES

"Electric analog indicates effect of horizontal earthquake shock on dams." Carl N. Zangar, R. J. Haefeli 278
"Hydrodynamic pressure due to horizontal earthquake shock computed by curves." Ven Te Chow. Sept. 51
Discussion by C. N. Zangar 113

ECONOMICS OF ENGINEERING

Symposium. "Effect of design on construction costs." W. W. Wanamaker, Ralph F. DeSimone, L. N. McClellan, Glenn B. Woodruff 847
"Ways to cut building costs shown by General Accounting Office Building, Washington, D.C." W. E. Reynolds 412

EDUCATION

Fellowships in housing available in Columbia 518
"Level of engineering education must be raised." report of ECPD Committee on Adequacy and Standards of Engineering Education 72
"Sanitary engineers tallied by APHA as national resource." Francis B. Elder 399
See also American Society for Engineering Education; Engineers' Council for Professional Developments; National Defense; and department "New in Education"

EMPLOYMENT

"Engineers must be upgraded to solve manpower shortage." S. C. Hollister 666
Making the breaks." Arthur R. Pell 518
Placement system set up for Army scientific personnel 908
Specialists needed for foreign assignment 436

ENGINEERING FOUNDATION

Sponsors new volume in series of Engineering Societies Monographs 155

ENGINEERING INSTITUTE OF CANADA

Attendance at Centennial Convocation urged at 66th annual meeting 434

ENGINEERING MANPOWER

Thomas Alva Edison Institute investigates engineer shortage 166

ENGINEERS AND ENGINEERING

See Professional Advancement

ENGINEERS' COUNCIL FOR PROFESSIONAL DEVELOPMENT

"Level of engineering education must be raised." Report of Committee on Adequacy and Standards of Engineering Education 72
Three civil engineering curricula added to list of accredited colleges and universities 152

ENGINEERS JOINT COUNCIL

Engineering Manpower Commission sponsors utilization conference in Chicago 806
Manpower Commission writes Defense Secretary seeking better use of engineering manpower 282
Military manpower needs and resources reviewed 1055
U.S. and Latin American Engineers plan UPADI Convention 602

EXPLOSIVES

"Users of explosives are liable for all damage." Walter C. Sadler 333
Discussion by Harold H. White 496

FILMS AVAILABLE

Corrosion in action shown in film 136
Fluid mechanics and hydraulics films 901
Labrador Railroad construction film 102

FLOOD CONTROL

Methods of general application developed for finding peak flood flow." A. H. Davison 418
Discussion by Tate Dalrymple 888
Morganza Floodway to steal 600,000 cfs of Mississippi's thunder." D. L. White 272
Funds to advance Missouri flood control 804
Record floods again strike Midwest." Wright Hiatt 369
River development planned for Poland 1056

FLUID MECHANICS

Fluid mechanics supports tasks of civil engineering." Hugh L. Dryden 329
See also Hydraulics

FOREIGN ENGINEERING WORKS

Alcan British Columbia power project under construction." W. G. Huber 939
Canada continues hydroelectric construction 164
Ceylon restores its ancient irrigation works." Paul von der Lippe (Sept. 51)
Discussion by H. de S. Manamperi 113
Discussion by John R. Philip 263
Chicago firm engaged for ECA survey of Philippine Railroad 98
Chile harnesses water power from Andes 300
"Far East needs common sense engineering aid." A. V. Karpov 108
France builds hydroelectric project 161
Indian power plant nears completion 905
"Men, machines and money bring out Labrador iron ore." F. C. Wardwell 404
N.Y. firm retained on Seine River bridge 808
Open caisson method used to erect Tokyo office building." Arnold G. Mason 944
Philippine government to build veterans hospital 97
Philippine improvements authorized by MSA 808
River development planned for Poland 1056
Tignes Dam in French Alps constructed with American equipment." Paul A. Montagne 923
Turkish contract received by N.Y. firm 298
Venezuela constructs superhighway 601
Venezuela speeds work on Caracas-La Guaira Highway 1053
Venezuela ore project contracts awarded 161
See also Military Engineering

FORMS

"Shoring with steel scaffold cuts costs." 884

FOUNDATIONS

"Anchored foundation resists frost heave." Donald B. McKinley 140
"Deep sand island caissons support Cincinnati steam plant." Leonard V. Smoot 550
"Foundation repair saves a Texas sawmill." R. J. Brentzel 136

"Sliding stability of retaining walls." Gordon F. Fisher; Robert M. Mains 890
Discussion by James D. Wall 954
Ebon blast method prepares permafrost foundation for Alaska power plant 129
Robert W. Waterhouse, A. Nelson Sills
See also Caissons and Mechanics

GROUTING
Lock No. 3, Monongahela River, refaced by grout intrusion method. J. S. Mintonte 872

HANGARS
See Airports

HARBORS
See Ports and Maritime Structures

HEATING
Can waste heat from refuse incinerators be employed economically? F. R. Bowerman, H. B. Gottaas 336

HIGHWAY RESEARCH BOARD
Cooperates in road test planning 100
Initiates parking survey 98
Meeting stresses need for financing studies 220

HIGHWAYS
AASHO drafts statement on new federal aid legislation 96
AASHO holds 36th annual meeting 219
"Long look at highway maintenance." Ben M. Whitton 673
American highways, how to measure their adequacy. Jos. E. Ingemen 668
Chicago pushes work on Congress St. superhighway 906
Definitions adopted by AASHO 898
Expressway plan developed for Milwaukee 1052
Finish of N.Y. Thruway is expected in 1954 436
Future development of the art and science of highway engineering. Thomas H. MacDonald 876
General Motors sponsors contest on highway problems 1054
Gulf Freeway in Tex. dedicated 806
Houston to have new freeway 256
Iowa's 5-up-cap resurfacing program speeds highway improvement. Walter H. Root 102
Milwaukee initiates expressway system 256
Proposed Mississippi River parkway to utilize existing highways. J. Lester White 255
Pre-changing picture in highway traffic. D. Grant Mickle 678
Tunnel and viaduct to ease Seattle's traffic troubles. Ralph W. Finke 1025
Venezuela speeds work on Caracas-La Guaira Highway 1054
World's best highway system produced by modern equipment. A. N. Carter 620
See also Bridges, Toll Roads

HISTORY OF ENGINEERING
A century of progress in civil engineering. J. E. Finch 620
Civil engineering looks to the future. John B. Wilbur 662
Engineering advancements discussed by Philip G. Hagen 206
For period 1852-1952 see Centennial issue, September 1952

HOUSING
Directory of modular coordination planned 602
HHFA grant will aid home building techniques 906
June decline in starts noted 810
Rises 11 percent in February 308
Soil cement for house construction. Ralph Stone 1005

HYDRAULICS
Borax as corrosion inhibitor 300
Complex backwater problems solved by simple curves. Irving Joseph 79
Hydrodynamic pressure due to horizontal earthquake shock computed by curves. Yen Fe Chow, Sept. '51
Discussion by C. N. Zangar 113
Laboratory at Cornell aids industrial testing 971
Model studies aid in design of Brazilian hydro project. Emmett M. Laursen, Jan. '51
Discussion by Franklin L. Matthias 342
Normal size distribution found in samples of river bed sand. F. Blench 147
Discussion by Vito A. Vanoni 344
Two nomographs developed for trapezoidal channels. Charles Grant Edson 148

HYDROELECTRIC POWER
Alcan, British Columbia power project under construction. W. G. Huber 906
Canada continues hydroelectric construction 164
Chile harnesses water power from Andes 300
Discussion of Brazil's Paraiba-Pirai Diversion Project by Adolph F. Ackerman 712
France builds hydroelectric project 161
One hundred years of water power. W. F. Uhl 731
Discussion by Charles A. Pohl 884
Discussion by C. C. Cragin 954
Rising electric power demand to continue 1054
Wolf Creek project starts power production 367
See also Niagara Falls, Power Plants, TVA

INCINERATORS
"Can waste heat from refuse incinerators be employed economically?" F. R. Bowerman, H. B. Gottaas 336
"New York City turns to incineration." C. A. Rogers 1030

INSTRUMENTS
"Flying typewriter" aids computation of data 288
"Home made apparatus makes accurate torsion tests." W. F. Saunders 1036
Pocket size computing machine developed 1056
See also Surveying and Mapping

IRRIGATION
"Ceylon restores its ancient irrigation works." Paul von der Lippe, Sept. '51
Discussion by H. de S. Manatunga 114
Discussion by John R. Philip 563
Discussion of the Basin Account and the Interest Component by I. C. Stevens 887
Progress in irrigation engineering. L. N. McClellan 691
Puerto Rico constructs new irrigation project. Antonio Fuchetti 868
Social and economic implications of irrigation development. J. W. Dixon 686
Water from Pacific Northwest for deserts of Southwest. S. P. McCasland 143

LABOR RELATIONS
Labor management problems in the construction industry. Lester C. Rogers 633

LABORATORIES
A. P. Richards to head marine research laboratory 162

LAW
"Can errors in bids be corrected?" Walter C. Sadler 537
"Conflicting state laws affect interstate contracts." Walter C. Sadler 184
"Users of explosives are liable for all damage." Walter C. Sadler 335
Discussion by Harold H. White 494
"Water law in the United States." S. T. Harding 696

LEGISLATION
See Engineers Joint Council, Law, and department "Notes from the Capital"

LOCKS
Lock No. 3, Monongahela River, refaced by grout intrusion method. J. S. Mintonte 872

MATERIALS TESTING
Purdue has new testing machine 370

MEETINGS AND CONFERENCES
CIGRE conference held in Paris 292
Public works problems studied at APWA congress 906
UPADI meeting to be held in New Orleans 209

METALS
Men, machines and money bring out Labrador iron ore. F. C. Wardwell 404
New technique adds to source of iron supply 437
Nickel plant in Cuba reopened 222
Titanium output reaches record high 221

MILITARY ENGINEERING
Korean bridge girders are replaced on fast schedule. Eugene P. Fortson, Jr. 148
See also Seabees

NATIONAL SCIENCE FOUNDATION
Allotment permits start of program 94
Issues research grant guide 162

NIAGARA FALLS
More U.S. power available at Niagara. Ivan Sattem, C. G. Belousow 256

PAVEMENTS
Aerial photographs facilitate surveys of pavement condition. Adrian R. Legault, Howard M. McMaster 883
Load effect on bituminous pavements to be tested 513
See also Highways

PENSTOCKS
"Photoelastic stress analysis solves penstock reinforcement problem." H. J. Kahm 868

PIERS
Contract awarded for Thruway Bridge piers 1038
Concrete box substructure for Pier 37 nears completion 1000
"Concrete piles repaired by caisson method." I. Leon Glassgold 203
Hudson River pier has concrete box substructure 162
New York's Pier 37 founded on 144 27,000 ton reinforced concrete boxes. John M. Buckley, Jr., A. Verpilloz 188
Substructure of Pier 37 nears completion 1054

PILING
"Concrete piles repaired by caisson method." I. Leon Glassgold 203

PIPELINES
Floating derrick lays gas pipeline under Hudson 437
Natural gas pipeline crosses Mississippi 224
Natural gas pipeline to service new area 805
"Pipeline bridge stabilized with diagonal rope stays." D. B. Steinman 177
Symposium. "Major pipeline crossings of Mississippi River"
"How to choose a site." P. H. Timothy 262
"How to build and maintain a crossing." R. P. Gregory 264

POPULATION FORECASTS
More accurate population estimates by means of logistic curves. John R. McLean 133
Discussion by Harold T. Larsen 267
Discussion by author 886

PORTS AND MARITIME STRUCTURES
New Zealand builds four berth ocean freight terminal 512
See also Piers

POWER
Mobile electric set relieves power crisis 810
"More U.S. power available at Niagara." Ivan Sattem, C. G. Belousow 256
"Power facilities at South Holston Dam include submerged intake." O. Lavik 74

POWER PLANTS
Agreement made for new AEC Ohio plant 970
Contract awarded for Gavins Point Project 368
Deep sand island caissons support Cincinnati steam plant. Leonard V. Smoot 500
Indian plant nears completion 905
Steam plant to power AEC Paducah project 96
Work proceeds on new Miss. plant 600
See also Atomic Energy, Hydroelectric Power

PRESTRESSED CONCRETE
ASCE-ACI joint sessions draw crowds in Chicago 899
Big loads, no steel result in world's heaviest prestressed building girders. T. Y. Lin 927
Bridge at Heilbronn, Germany, has 353 ft span 511
Construction organization formed 219
German structure demonstrates prestressing potentialities 221
Industrial application of prestressed concrete saves steel 163
Is prestressing the answer? Jacob Feld
Discussion by G. Magnel 555
New system for prestressing beams 954
Proceedings of first U.S. Conference issued 907
Sectional design and two stage loading are applied to cast-in-place prestressed girders 213
368

PRIZES
See Awards and Prizes

PROFESSIONAL ADVANCEMENT
"Engineers face major responsibilities in the next hundred years." Carlton S. Proctor 639
Engineers must be leaders in world of tomorrow." Carlton S. Proctor 172
Discussion by Charles W. Griffin 887
Discussion by author 887
Engineers needed on new frontier." A. E. Perlman 1008
Engineers' role should be publicized, discussion by Ernest Nussbaum, Dec. '51
Discussed by R. R. Macfarlane 150
Discussed by K. N. Cundall 464
What about the next hundred years?" Joseph H. Ehlers 165
See also Engineers Council for Professional Development

PUBLIC HEALTH

Courses in radiological health will be given ... 1037
See also Sanitary Engineering; Sewage Treatment; Water Pollution

PUBLIC WORKS

Joint group will study municipal construction ... 1037

PUMPS

Los Angeles water district awards contract ... 598
Motors will boost Colo. Aqueduct capacity ... 607
World's largest well pumps built for rocket research ... 805

PUZZLES AND PROBLEMS

"The unexpected in engineering; the bugs," H. J. Gilkey ... 270
See "N. G. Neare's Column" and "How would you do it?" in each issue

RAILROADS

"Are we ready for all-welded railroad bridges?" R. V. Brodie ... 387
Freight car yard is completed at Birmingham, Ala. ... 1055
Labrador Railroad construction film ... 102
Symposium: "New Orleans ... builds $50,000,000 Union Passenger Terminal project"
"Eight rail lines using five stations construct single terminal," C. J. Wallace ... 318
"Welded continuous beams save money on key overpass structure," Walter E. Blessey ... 323
"Welded railroad bridges; why not?" Simon A. Greenberg, Ned L. Ashton, Van Rensselaer P. Saye, John F. Wills, LaMotte Grover, R. V. Brodie ... 801
"Wheel impact damages rail joints," G. W. Hunt ... 204
Discussion by author ... 1038

REFUSE DISPOSAL

Can waste heat from refuse incinerators be employed economically?" F. R. Bowerman, H. B. Gotaas ... 336
"Municipal refuse collection practice analyzed," Erman A. Pearson, Broderick F. Haskell, Jr., Norman B. Jones ... 711
N.Y. increases facilities ... 296
"New York City turns to incineration," C. A. Rogus ... 1030

REGISTRATION OF ENGINEERS

Current litigation in Tennessee affects professional rights of engineers and architects," A. T. Granger ... 154
"Engineers must be upgraded to solve manpower shortage," S. C. Hollister ... 666
Interpretation of "professional engineer" ... 601

RESEARCH

"Is research in reinforced concrete adequate?" R. F. Blanks ... 142
Kure Beach corrosion testing program expanded ... 97

U.S. BUREAU OF RECLAMATION

Asks bids for Folsom power plant 218
Issues bid calls on four dams 390
Fifty years of reclamation progress (Kenneth Markwell) 466

U.S. CORPS OF ENGINEERS

Announces 1952 planning projects 164
Belvidere plant completed 598
Changes negotiated contract procedures 456
Completes emergency design construction program 516
Concrete bridge girders are replaced on fast schedule (Eugene P. Fortson, Jr.) 138
Major-force opens Savannah field office 220
Mapping instrument tested for military aerial location 1001
New Chief of Army Engineers appointed 1056
Texas air bases reactivated 295
Thaw-blast method prepares permafrost foundation for Alaska power plant (Robert W. Waterhouse, A. Nelson Sills) 126

U.S. GEOLOGICAL SURVEY

Reopens uranium testing laboratory 1001
Topographic instructions of survey revised 1066

U.S. GOVERNMENT

Chicago firm engaged for U.S. surveys of Philippine Railroad 918
Reclassification of engineers in government service discussed by Charles B. Pekor (1951) 1
Discussion by Victor J. Brown 207
See also Law

U.S. NAVY

Continues large construction program 1053
Continues its expansion program 268
Expands fuel depot facilities at Newport 690
Saves time and tax dollars with end welded stud 447

UNITY OF PROFESSION

See A.S.C.E.—Unity of Profession

VIADUCTS

Seattle's Alaskan Way Viaduct nears completion 805

WALLS

"Sliding stability of retaining walls." Gordon P. Fisher, Robert M. Mains 840
Discussion by James D. Wall 953

WATER POLLUTION

Conn. extends its control studies 1001
"Radioactive contamination, continuing problem in water supply engineering." Roy J. Morton 722
Recharging wells expected to stem sea water intrusion. Finley B. Laverty 313

WATER RESOURCES

Buffalo-Niagara resources held ample 810
Nation's ground water report released 170
Reported inadequate in Youngstown area 516
"Water law in the United States." S. T. Harding 690
Water picture for January 221

WATER SUPPLY

Engineers' panel favors Hudson River as water source for N.Y. 96
Hudson River opposed as source of New York water 1054
Outstanding achievements in water supply and treatment." Harry E. Jordan 719
Puerto Rico develops safe water supplies for its citizens. Sergio Cuevas 533
Recharging wells expected to stem sea water intrusion." Finley B. Laverty 313
San Diego voters back second barrel supply 370
Work started 806
Water from Pacific Northwest for deserts of Southwest. S. P. McClelland 143
Water picture for October 1056
See also Water Pollution

WATER TREATMENT

"Outstanding achievements in water supply and treatment." Harry E. Jordan 719

WATERWAYS

See Channels, Rivers

WELDING

Arc welding expedites steel dome construction 297
Are we ready for all-welded railroad bridges?" R. N. V. Brodie 387
California's all welded viaduct points way to improved design." I. C. Hollister 761
Civil engineers receive welded bridge awards 974
Contest open to undergraduates 162, 1058
End welded studs save tax dollars and U.S. Navy time 447
Prizes for papers on resistance welding 1270
Saves steel on new Rhine River Bridge 467
Sequence and continuity mark modern welding practice." R. W. Binder 770
Welded continuous beams save money on key overpass structure." Walter E. Blessey, New Orleans Passenger Terminal 823
Welded multi-story structures save steel and money." Boyd S. Myers 267
Welded railroad bridges, why not? Simon A. Greenberg, Ned L. Ashton, Van Rensselaer P. Saxe, John F. Willis, LaMotte Grover, R. N. V. Brodie 861
Welding fabricates huge turbine scroll case 1061

WELL POINTS

Unwater 25 acres at Shawnee Steam Plant 510

WELLS

"Recharging wells expected to stem sea water intrusion." Finley B. Laverty 313
Use of explosives for "sick" well cure reported 972

WHITE HOUSE

The White House made safe." Richard E. Dougherty 482

WIND

"Wind pressure on elementary building forms evaluated by model tests." J. W. Howe 340

Author Index

ACKERMAN, ADOLPH J.

Discussion of Brazil's Paraiba Petal Diversion Project 1132

AMMANN, O. H.

Hackensack and Passaic River Bridges, deck plate girders of record span adopted." New Jersey Turnpike, Symposium 30

ANDERSON, BOYD G.

Cantilever frames support thin shell roof 344

ARCHIBALD, RAYMOND

A survey of timber highway bridges in the United States 776

ASHTON, NED L.

Welded railroad bridges, why not?" 861

BAINES, W. DOUGLAS

Discussion on "Normal size distribution" found in samples of river bed sand." L. Blench, Feb. '52 141

BARNETT, THOMAS C.

Atlantic Beach Bridge supported on 90-ft piles weighing 40 tons." Lloyd L. Morrow, co-author 200

BARTON, JAMES R.

Wins J. Waldo Smith Prize for 1952-1953 595

BAUGH, EDGAR G.

Awarded Daniel W. Mead Prize, Junior Category 88

BAYER, CHARLES M.

Sections select seven wonders of civil engineering 1014

BECHTEL, STEPHEN D.

Received Modjeski annual construction award 218

BELOUSOW, C. G.

More U.S. power available at Niagara." Ivan Satteen, co-author 256

BENSON, J. R.

Asphaltic concrete and bituminous tested as storage substitutes at Bonny Reservoir." K. L. Powers, V. S. Meissner, co-authors 496

BERGMAN, VICTOR R.

Discussion on "Revolutionary staircase built of prestressed concrete." Professor Miguel Sept. '52 444

BIGGS, JOHN M.

Discussion on "Design method for eccentrically loaded steel columns fits any code." Walter L. Wilby, Charles W. Cunningham, Dec. '51 153

BINDER, R. W.

Sequence and continuity mark modern welding practice 770

BIRKENWALD, E. S.

Cincinnati Section supports President's objectives (letter) 150

BLANKS, ROBERT F.

Good concrete depends on good aggregate 852
Is research in reinforced concrete adequate? 142

BLAUVELT, W. W.

A contractor selects his equipment and methods." New Jersey Turnpike, Symposium 63

BLEIFUSS, DONALD J.

Given James W. Rickey Medal 588

BLENCH, T.

"Normal" size distribution found in samples of river bed sand" 147

BLESSEY, WALTER E.

"Welded continuous beams save money on key overpass structure." New Orleans Terminal Project, Symposium 823

BOARDMAN, HORACE P.

Discussion by author of "Buttress-type dam with curved upstream face proposed." June '51 70

BOHN, GEORGE W.

Discussion on California Chapter members winning Mead Prize five consecutive years 206

BOWERMAN, F. R.

"Can waste heat from refuse incinerators be employed economically?" H. B. Gotaas, co-author 336

BOWMAN, JAMES S.

Trend toward multipurpose developments 736

BRENTZEL, R. J.

Foundation repair saves a Texas saw mill 136

BRODIE, R. N. V.

Are we ready for all-welded railroad bridges?" 387
Welded railroad bridges, why not?" 861

BROWN, ANDREW A.
"Analysis of anchor bolts and concrete piers for large stills and kettles" 161

BROWN, VICTOR J.
Discussion on reclassification of engineers in government service 207

BUCKLEY, JOHN M.
"New York's Pier 57 founded on two 27,000-ton reinforced concrete boxes" (with E. A. Verpillot, co-author) 188

BURRIS, GEORGE W.
"Studies plus judgment establish economic feasibility" (New Jersey Turnpike Symposium) 13

CAREY, WILLIAM N.
"Centennial of Engineering, 1852" (with E. L. Chandler, co-author) 84
PROCEEDINGS Separates—A two-year review 500

CARTER, ARCHIE N.
"Highway contractors study the big job ahead" 146
"World's best highway system produced by modern equipment" 628

CHANDLER, E. L.
"Centennial of Engineering, 1852" (with William N. Carey, co-author) 84

CHEVALIER, WILLARD
"What construction means to America" 954

CONNOLLY, WILLIAM H.
"Uniformly loaded beams designed by chart" 339

COURLAND, RAPHAEL H.
"One story Vierendeel trusses ideally suited to school building" 878

CRAGIN, C. C.
Discussion on "One hundred years of water power" (W. F. Uhl, Sept. '52) 954

CUEVAS, SERGIO
"Puerto Rico develops safe water supplies for its citizens" 538

CUNDALL, K. N.
Discussion of letter on the role of the individual in professional advancement by R. B. Macfarlane 493

CUNNINGHAM, CHARLES W.
Discussion of his article, "Design method for eccentrically loaded steel columns fits any code" (Walter E. Willig, co-author, Dec. '51) 493

DALRYMPLE, TATE
Discussion of "Methods of general application developed for finding peak flood flow" (A. H. Davison, June '52) 888

DAVISON, A. H.
"Methods of general application developed for finding peak flood flow" 418

DeSIMONE, RALPH E.
"Develop cooperation between engineers and contractors" (Effect of Design on Construction Costs—Symposium) 850

de S. MANAMPERI, H.
Discussion on "Ceylon restores its ancient irrigation works," Paul von der Luppe (Sept. '51) 113

DIETZ, JOHN R.
"Flexible type pavement selected" (New Jersey Turnpike—Symposium) 48

DIXON, J. W.
